SUMMARY

Curious and driven learner who enjoys applying knowledge to build real-world solutions. Passionate about exploring new technologies and turning ideas into impactful projects.

EDUCATION

IES College of Technology, Bhopal, MP, India - (CGPA: 7.76)

BTech, Computer Science Engineering

2022 - July 2026

Maharishi Vidya Mandir – Bhopal, MP, India

Class 12 (PCM)

2021 - July 2022

Maharishi Vidya Mandir - Bhopal, MP, India

Class 10

2019 - Apr 2020

SKILLS

Programming Languages : Python, Java, Javascript

Web Development : React.js, Node.js, Figma, TailwindCSS

Database Management : SQL, OracleDB, MongoDB

Tools : GitHub, Visual Studio Code

Core Concepts : OOPs, Data Structures and Algorithms, Computer networks, Operating system, IOT, Cyber Security, System Design

INTERNSHIP

Virtual Internship | Palo Alto Networks

Jan 2025 – Mar 2025

- Completed modules on incident response in a SOC environment, applying hands-on tools for threat detection and diagnosing issues in a production environment using data driven methods.
- Assisted in developing cloud security workflows by studying Palo Alto's SOC processes and tools.
- Configured sample network firewalls (Prisma Access) and documented findings, supporting hands-on learning.

PROJECTS

Rewindly | [Live Demo](#) | [GitHub](#)

- Developed a retro-style music player web app integrating Spotify and Shazam APIs. Implemented key features like playlist management and audio visualization.
- Deployed via Vercel with API integration and responsive design, enhancing usability and ensuring stable performance in a production environment.
- Tech Stack – React, Vite, TailwindCSS, APIs – Spotify, Shazam

Peer Task | [Live Demo](#) | [GitHub](#)

- Student Micro Task Collaboration Platform leveraging data driven insights to make peer interactions efficient and usable.
- Developed a campus marketplace where students can swap services and get things done. It has live chat and easy payments, making it a reliable platform to help each other out, either for money or favors
- Tech Stack – MERN Stack – powering a smooth, responsive UI and secure, real-time collaboration

Secure Sight | [Live Demo](#) | [GitHub](#)

- Designed an interactive Cyber Security Dashboard to educate users by simulating different types of Cyber-attacks and visualizing potential threats.
- Created an interactive cybersecurity dashboard to educate users using data driven models. Developed simulations of network attacks and visualized threat metrics to diagnose feedback
- Tech Stack - HTML, CSS, JavaScript – the building blocks of SecureSight's interactive and engaging cybersecurity dashboard

ACHIEVEMENTS / CERTIFICATIONS

National Robotics Competition | 3rd Rank (Bronze)

- Led a team of 5 to secure 3rd place out of 20+ teams.

Global Rank 4814 | TCS CodeVita Season 12

- [Ranked in the top 2% globally in TCS CodeVita Season 12](#)
- [Oracle Cloud Infrastructure DevOps Professional | ORACLE](#)
- [Cyber Threat Hunt | SAGE](#)
- [Cryptography & Network Security | NPTEL](#)
- [Ethical Hacking | EDUSKILL](#)
